

Machine Learning with a Human Touch

At **ToolsGroup**, we've got your back—and an entire team to help you **be ready for anything**. Here's why our customers depend on us.

1
We're always ready to roll up our sleeves.

“The flexibility of ToolsGroup's consultants during all this change was world-class. The original model they developed needed to be adapted several times during the implementation, but they didn't blink—just got on with it.”

– **Supply Chain Manager**, Multinational Coffee Bar Company

2
We've got the know-how to help your team succeed.

“Thanks to ToolsGroup applying its machine learning technology to our problem in a creative way, we're now much better geared up to serve our demanding client base without impacting our bottom line.”

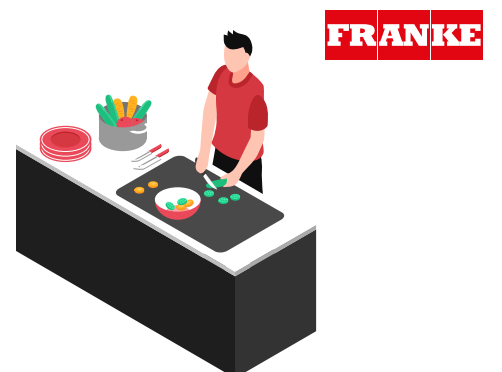

– **Nick Wilson**, Senior Inventory Planner, Parts Operations, Aston Martin

3
We're here to collaborate, not dictate. We know an effective solution begins with effective communication.

“We are very satisfied with our ToolsGroup implementation. The people were great to work with, showed a high level of expertise, were always open to listening and always found a solution that would help us manage our highly complex supply chain with confidence.”

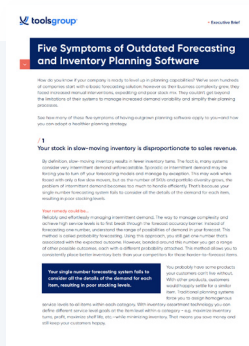

– **Enrico Casalino**, Head of Logistics Planning & Engineering, Franke Kitchen Systems

Automation Meets Human Expertise

Our AI-augmented solution is backed by diligent, experienced consultants who are ready to help you tackle any supply chain challenge, from unpredictable demand to overstocked warehouses. With ToolsGroup, you're not just getting planning technology; you're getting a team of trusted specialists.

Now more than ever, you need to be ready for whatever tomorrow might bring. We can help!
